

# Hospital Support Shoes

Comfortable shoes for use during hospital stays and light rehabilitation.

- Easy on and off.
- Wide Opening.
- Non-slip outsoles for excellent traction.

## Outsole

Made with slip-resistant material for superior grip.

## Heel Cushion

Equipped with cushioning for all-day comfort and reduced fatigue.

## Insole

Removable insole for easy size adjustment, featuring EVA cushioning on the bottom for added comfort.

## Comfortable Fit

Comfortable materials on the insole, inner lining, and footbed surface make the shoes pleasant to wear even without socks.

| Sizes  | Foot Circumference | Product Code |        |        |
|--------|--------------------|--------------|--------|--------|

| 22.0cm | 23.6~24.1cm        | 091462       | 091472 | 091482 |
| 23.0cm | 24.2~24.7cm        | 091463       | 091473 | 091483 |
| 24.0cm | 24.8~25.3cm        | 091464       | 091474 | 091484 |
| 25.0cm | 25.8~26.3cm        | 091465       | 091475 | 091485 |
| 26.0cm | 26.4~26.9cm        | 091466       | 091476 | 091486 |
| 27.0cm | 27.0~27.5cm        | 091467       | 091477 | 091487 |
| 28.0cm | 27.6~28.1cm        | 091468       | 091478 | 091488 |

## Heel Area

Features a cup-shaped heel counter with moderate firmness.

## Top Point

Designed to follow the natural shape of the foot on the thumb side, providing a snug fit for the toes inside the shoes.

## Toe Area

Raised slightly from the ground surface.

## Adjustable Strap

Wide opening for easy on and off, making the shoes simple to wear and assist others in putting on.

## Heel Tab

A heel tab on the inside of the outsole helps make taking the shoes off easier.

Also suitable for light rehabilitation.

Comfortable even on bare feet.

## Material

Upper (outer) and Edges: Cotton  
 Upper (inner) : Cotton, Polyester, Polyethylene  
 Insole: Polyester, EVA  
 Heel Cushion: Polyurethane  
 Outsole: TPE

※ Machine Washable
